Subject: Biocriteria Method Revision Tech Memo: Jan. 31 Work Group Meeting Discussion

Good afternoon! At our upcoming Work Group meeting to be held in Salem, one of the topics on the agenda is a discussion of proposed revisions to DEQ's Biocriteria Methodology. To prepare for this discussion, please find attached a Tech Memo that summarizes our methodology revisions, both short-term and long-term.

Additionally, the full set of materials that was initially provided to the peer review panel for biocriteria methodology can be found on our external project web page at the following link:
